DEATHS DECREASING.

Some Improvement in the Yellow Fever Situation.

TWENTY-FOUR HOURS' RECORD.

Three Deaths and Thirty-Eight New Cases at New Orleans—Only Three New Cases and No Deaths at Mobile—Twelve New Cases at Biloxi and Ten at Edwards—At Other Places.

NEW ORLEANS, Oct. 13.—The fever situation grows no worse here. But at the same time there is no rift yet showing through the clouds, and the promise is not bright for an immediate reopening of the avenues of industry. During the past 24 hours there have been three deaths and 38 new cases. The cases are as usual widely scattered, and have increased somewhat the total number of cases under treatment, but at the same time there have been a large number of cases discharged, and the death percentage has suffered a fall.

The official bulletin issued by the board of health is as follows:

DEATHS.

Joseph Collette.
Allen Giles.
J. Strum.

New cases—Martin Kinney, Jr., John R. Grant, Mrs. Hunter C. Leake, Mrs. Williams, James Gaffney, Reuben Ward, John Armstrong, Charles Harvey, Miss Anna Thaler, Selma Buchel, Mrs. V. Aeschaffenburg, Mr. and Mrs. L. Chelly, James Freret, Miss Brown, Miss Lucy Carroll, James R. Anderson, Mrs. Charles W. Eakin, M. Noble, Mrs. Joshua Pierce, John Thomas, Buchel Boches, Charles Fay, James Hubner, Emma Elizabeth Hubner, A. Guarnoo, A. Labreza, Valentine Boches, Hazel Pettit, Leroy White, Harry Farmer, Henry Thomas, Kate Hoffman, Holt, Thomas Hume, Miss Kate H. Rodd, Frank McGinn.

Total cases of yellow fever to date, 654; total deaths from yellow fever to date, 68; total cases absolutely recovered, 277; total cases under treatment, 309.

There has been for some time a general impression that the fever was confined solely to the houses of the poor. But it has likewise found its way into the houses of the rich, and there are handsome mansions on Jackson avenue and other fine residence thoroughfares from which the ugly red and yellow flags hang.

BETTER REPORT FROM MOBILE.

Only Three New Cases and No Deaths For Forty-Eight Hours.

MOBILE, Oct. 13.—There were three new cases of yellow fever brought to light in the past 24 hours. No deaths have occurred in the past 48 hours.

The new cases are: C. N. Bonneau, John Keefe and Alphonse Goubill. Total cases to date, 129; deaths, 20; discharged, 72; under treatment, 37.

There are three more cases reported on the steamer Kate, lying at Magazine Point, three miles above the city. A hospital will be established there by the quarantine board of Mobile bay and the ship disinfected.

The fever is making the greatest progress along the center of the residence portion of the city in the Broad street and the Spring Hill avenue districts, but still it is not at the ratio noted at the beginning of the outbreak, while the virulence of the disease has not notably increased.

Biloxi and Other Places.

BILOXI, Miss., Oct. 13.—The board of health report is: Yellow fever under treatment, 79; new cases, 12; no deaths, total yellow fever to date, 324; total yellow fever deaths, 13.

Dr. Gant visited McHenry yesterday and found one case—Mrs. I. Hurdie. The other cases are all doing well except C. C. Flannery, who is not expected to live through the night.

Scranton reports 11 new cases, but no deaths. Weather rainy.

The following is the report from Clinton: Two cases under treatment, Miss Miller, formerly reported, and Luther Metzger, attacked Monday. Both doing fairly well.

The report from Nitta Youma is to the effect that there are six cases on hand.

At Galveston, Tex., there were no new cases and no deaths.

Broke Out at a New Place.

BIRMINGHAM, Ala., Oct. 13.—A special to The Age Herald from Selma says: Yellow fever has existed for several days at Wagar, a lumber camp on the Mobile and Birmingham railroad, 104 miles south of Selma. Dr. Saunders, state health officer, went there and confirms the report.

Ten Cases at Edwards.

EDWARDS, Miss., Oct. 13.—During the past 24 hours there has been reported 10 new cases, eight white and two colored; five cases seriously ill, two black vomit. Father Prendergast has renewed his visits to the sick.

SUMMING UP THE EVIDENCE.

Luetgert Listens to a Speech Asking For His Life.

CHICAGO, Oct. 13.—Assistant State's Attorney McEwen finished his argument in the Luetgert trial yesterday, and will be followed by Attorney Phalen, who will make the opening address for the defense. Mr. McEwen took up the entire day with his argument, going over the case carefully, connecting the details of the evidence for the jury, and showing how one cir-

cumstance fitted into another, and how the whole mass of evidence submitted by the state furnished, in his opinion, a full and complete circumstantial chain, proving that Luetgert had murdered his wife in order that his relations with his servant girl, Mary Siemmering, might remain undisturbed.

Throughout the entire argument Luetgert listened to the speech of the attorney, who was asking for his life, with the greatest attention. He never took his eyes off Mr. McEwen for more than an instant, and the heavy scowl that is habitual with him deepened as the assistant state's attorney pointed out circumstance after circumstance that weighed against his innocence.

It is now practically certain that all of the arguments will be finished so that the case will be given to the jury by Saturday night at the latest.

EX-SENATOR JONES DEAD.

He Represented Florida in the Upper House of Congress Ten Years Ago.

DETROIT, Oct. 13.—Hon. George W. Jones, former United States senator from Florida, died at the St. Joseph's retreat, Dearborn, 10 miles from this city, where he has been in retirement for nearly 10 years. His remains will be sent to his home at Pensacola, Fla.

HON. GEORGE W. JONES.

Just before the close of his senatorial term, Mr. Jones came to Detroit on a visit, and during his stay here became mentally unbalanced, necessitating his incarceration in the Dearborn retreat. An unreciprocated infatuation for a Detroit lady is understood to have been the prime cause of the senator's mental troubles.

AWFUL CRIME BY BURGLARS.

Two Women Shot and Killed and a Young Man May Die.

CAMDEN, N. J., Oct. 13.—Mrs. Emma Vane, aged 67 years, widow of Captain Eli Vane, and her daughter, Mrs. Sarah M. Shaw, aged 40 years, were shot and killed early yesterday morning, it is believed by burglars. Mrs. Vane was instantly killed and Mrs. Shaw expired in less than half an hour without recovering consciousness.

The two women lived at 242 Lynn street in the lower part of Camden, near the river front. It was about 4:30 o'clock when the attention of the police was called to the crime. Eli Shaw, a son of Mrs. Shaw, was seen at the third-story window of the house and was shouting for the police at the top of his voice. The young man has been laid up with typhoid fever and in a statement to the police said that he was awakened shortly after 4 o'clock by a pistol shot.

He made his way downstairs and at the bottom of the third-story stairs found his mother bleeding and unconscious. He ran to the window and gave the alarm. When the police entered the house they found the mother of Mrs. Shaw sitting in a chair in the sitting room dead with a bullet wound in her head. Mrs. Shaw was at once removed to the Cooper hospital, where she died in a few minutes without making any statement.

The shock incident to the tragedy has caused a relapse in the condition of Mrs. Shaw's son and it is feared will result fatally. An examination of the house shows that a rear shutter had been forced open and a bureau drawer on the second floor had been ransacked.

TWO GIRLS BITTEN BY A MAD DOG.

A Petition Asking That All the Canines in That Section Be Killed.

HUNTINGTON, W. Va., Oct. 13.—Cloe, aged 18, and Ella, aged 5, daughters of Sam Finley, were bitten by a rabid dog in the Grant district, six miles south of Milton, last Saturday evening. They were sent to the Pasteur Institute, New York, yesterday evening, the county court contributing \$150 toward defraying expenses.

The Finleys reside only a few miles from where Mrs. Hensley, who died from hydrophobia in August, 1885, resided, and where several mad dogs have been killed since.

A petition will be circulated asking that all the dogs in that section of the county be killed.

Good For a Third

VICTORIA, B. C., Oct. 13.—The City of Topeka has arrived from Alaska bringing Captain Hackett and the crew of the schooner Annie Moore, which was burned in the Lynn canal. She left here for Skagway with a load of hay and feed, but both schooner and cargo were destroyed.

The Topeka brought down 25 Cook's inlet miners, which had a good season and bring considerable gold. Harry Romaine, who sold a claim on the Hunter creek for \$60,000, also came down. He says there are 8,000 people in the Klondike and only food enough for one-third of them.

SPAIN MUST SETTLE.

A Demand Will Be Made For Indemnity Due Americans.

SAM TOLON'S CLAIM OF \$50,000.

The State Department Thinks It a Just One and Will Press It—Spain Preparing a Reply to Minister Woodford—She Expects to End the Cuban War Soon, but Will Not Say When.

WASHINGTON, Oct. 13.—Instructions to Minister Woodford are being prepared at the state department for the presentation to Spain of another demand for the immediate payment of the claim for indemnity made by Sam Tolon.

The original demand was presented to the Madrid government by Mr. Taylor, who has just retired from the office of minister. He stated in strong language that this government would expect Spain to pay the claimant \$50,000 as indemnity for the sufferings he had endured. Spain's reply was that it was under no obligation to pay Tolon and this has been followed by another statement which declares that the action of the Spanish authorities in Cuba was a gubernative measure and that Spain would be unjust to herself should she indemnify Tolon.

State department officials insist that the claim is a just one and will continue to press it. Tolon was naturalized in New York city in 1878. He established a general business in Cardenas, Cuba, in 1890. He left Cardenas for Havana Sept. 1 of last year, intending to sail for the United States on business. While on board the steamer Seneca he was arrested by the police authorities and imprisoned for 10 days. He was thrust into a small, hot, filthy cell on Sept. 13, and deprived of all outside communication. He was removed to the interior porch on Sept. 21, and was deported to the United States seven days later.

Mr. Tolon has also pending a claim for \$100,000 arising out of the damage done to his property in Cuba by Spanish soldiers.

REPLY TO WOODFORD.

Spain Says That She Expects the War in Cuba to Be Ended Soon.

MADRID, Oct. 13.—It is semi-officially announced that the reply of Spain to the note presented by the United States minister, General Stewart L. Woodford, has been drafted by the minister for foreign affairs, Senor Gullon, and will be submitted to the cabinet at its meeting tomorrow. The reply, it is stated, will say that Spain is unable to fix exactly the date when the war will be over, but the ministers are persuaded it will not be long, because "the situation of the rebels is critical and the Spanish troops are sure of success."

Owing to the rebel situation and concession of autonomy, administrative and economic, which will be effective before January, the government hopes actual hostilities will finish shortly.

Spain, it is continued, thinks the reforms and the activity of the Spanish troops are sufficient elements to secure the immediate pacification of the island, which, it is asserted, "would have been more rapid if the rebels had not had the succor of filibusters, who, under the shelter of the American flag, have contributed to maintain this state of affairs."

Minister Woodford Calls on the Queen.

MADRID, Oct. 13.—United States Minister Woodford was received in audience by the queen regent yesterday afternoon, the reception being of the most cordial character.

A private cable message from Washington declares that "President McKinley will endeavor to induce the insurgents to accept autonomy, and if they refuse he will do his utmost to put an end to agitation and to prevent filibustering, as he believes now, that Captain General Weyler is recalled, congress will support this policy."

Miss Cisneros to Hold a Reception.

NEW YORK, Oct. 13.—It was said at the Cuban junta here that Senorita Evangelina Cossio, the Cuban girl who recently escaped from prison in Havana, will make her bow before a New York public some time tomorrow. "The senorita is in the hands of her friends," said an official of the Cuban delegation, "and if all goes well she will hold a reception in this city tomorrow. The time and place have not yet been selected."

General Lee in Washington.

WASHINGTON, Oct. 13.—United States Consul General Lee has returned to Washington and called at the state department. He spent half an hour in conference with Assistant Secretaries Day and Cridler and will call upon the president before leaving the city. He was not certain when he would leave for Havana.

ALASKA'S MINERAL WEALTH.

A Talk With One of the Bonanza Kings of the Klondike.

SEATTLE, Wash., Oct. 13.—Pat Galvin, who is recognized as one of the Bonanza kings of the Klondike, where he has been engaged in mining for the past three years, in an interview, reviewing the gold region of the north, estimating their probable output, said: "There are 461 claims which have been operated sufficiently to prove their richness. There are 280 claims already staked out, but not developed. By reason of their location near other claims already shown to be very rich, I have

no doubt will prove equal to the other 461.

"Taking these claims and figuring out their cubic contents and making a conservative estimate, I do not see why the output from these claims alone will fall short of \$50,000,000."

Mr. Galvin declared that nothing which had been published so far as he knew, even approximated the truth of what is really known of these great gold fields.

PASSENGER TRAIN HELD UP.

Daring Daylight Robbery Perpetrated by Four Desperate Men.

AUSTIN, Oct. 13.—Yesterday afternoon at 5:30 o'clock, in broad open daylight, and within 12 miles of the corporate limits of this city, the southbound cannonball train on the International and Great Northern railroad, consisting of mail, baggage and express cars and three coaches loaded with passengers, was held up by four men and robbed. The conductor of the train, Tom Healy, was shot by the robbers while resisting them, but fortunately not seriously wounded. One of the passengers had his shirt collar carried away with a pistol ball that was aimed at his neck, and another received a bullet wound in the hand.

The passengers were robbed of some \$200 in money. The bandits attempted to rife the safe in the express car, but were unsuccessful.

When the train reached McNeill, a small station 14 miles above this city, two men, heavily armed, boarded the train and took up their stand on the rear platform. After the conductor had checked up the train he reached the platform, only to find a pistol at either side of his head. The men demanded that he stop the train. He declined to do so and began to run through the train with the two robbers in close pursuit. He had not gone half the length of the first car when the foremost robber shot at him, bringing him to the floor with a pistol wound in his right arm. At this juncture the other robber pulled the bell cord and the train was brought to a standstill. It was evidently at the appointed place, for the train had hardly stopped before two other men, whose faces were covered with masks, stepped out from the trees and began shooting into the cars. Instantly all was confusion.

The two men on the train were immediately joined by those from the woods and began their work. As the train porter sprang from the rear coach and ran for shelter, a robber emptied a revolver in turn without effect. The express messenger looked out of his car and taking in the situation, left his car and ran through the woods and was soon lost to sight. The robbers in the meantime, leaving two men to guard the three coaches which were packed with passengers, proceeded to the express car and demanded that the baggageman open the express safe, but upon being assured that he could not do so, turned their attention to the passengers. They took only money from them, not overlooking a single cent and walking two by two through the cars so as to always keep their eyes on the passengers.

After securing about \$300 in this manner, they uncoiled the engine from the train and started off down the track. After going several miles they set the lever at a moderate gait and left the engine, scampering into the surrounding country. The engine came on to the flag station at Duval, four miles below, and was there captured, and the station agent returned to the scene of the robbery with the engineer, secured the train and came on to this city, arriving here shortly after dusk. The officers were at once notified and have gone to the scene of action with bloodhounds to locate the robbers. The two men who boarded the train at McNeill were not unskilled, but the other two bandits' features were concealed.

HORSETHIEF ARRESTED.

He Is Said to Be the Leader of a Regular Organized Gang.

RICHMOND, Ky., Oct. 13.—Deputy Sheriff J. J. Peel of Jessamine county has lodged in jail here Thomas Groves, wanted here for horsetealing. The authorities claim he is the ringleader of a regular organized gang which has been operating extensively in this section for the past year. The plan was to keep several members of the gang stealing horses and mules in this and adjacent mountain counties, and drive them down into the Blue Grass, where the leader resided on a rented farm, and would dispose of them.

When arrested at his place in Anderson county he had three fine mules in his possession unsold. It is estimated that \$2,000 worth of horses and mules have been stolen and thus disposed of by these bold thieves. Writs have been issued for several members of the gang residing in the southern end of this county.

Swindling the Farmers.

ELWOOD, Ind., Oct. 13.—Many farmers near Elwood have received circulars through the mails advertising a new and highly-recommended seed wheat for sale. They sent various sums for wheat, but did not receive any. Among the number was John Funke, a German, who sent \$14.35. Not receiving any wheat, he caused an investigation to be made, and Cline, the agent, was arrested. He is charged with using the mails to defraud.

An Infidel About to Pass Over.

NICHOLASVILLE, Ky., Oct. 13.—Colonel John L. Logan, who has been critically ill for several weeks, has grown much worse and there is no chance for his recovery. Mr. Logan is one of the most noted infidels in the state.

DAY OF CONVENTIONS

Three of Them Held in the City of Cincinnati.

ONLY TWO TICKETS NOMINATED.

Fusion Effected Between the Democrats and Independent Republicans—Two Men Killed While Riding on a Handcar—Forest Fires Still Raging Other Ohio State News.

CINCINNATI, Oct. 13.—Yesterday was a day of conventions in Cincinnati, no less than three being held at the same time, but only two tickets were placed in nomination, the Democrats and Independent Republicans nominating a fusion ticket.

The Republican convention met in Music Hall, and the following ticket was nominated:

For Senators—Sidney D. Maxwell, Sam T. Harris, Charles Kuhl, W. H. Lewis.

House of representatives—E. V. Cherry, Robert W. Tilney, W. H. Luebber, Nicholas Longworth, George W. Hayes, Joseph C. Butler, Charles A. Bosworth, Griffith T. Little, L. C. Rose, Alfred M. Allen.

The Democrats met at the Queen City theater and the Independent Republicans met at College hall. Each selected a committee of 10 and they met in joint session and selected the following fusion ticket, which was later endorsed by both conventions:

For senators—C. D. Robertson, Democrat; Alfred M. Cohen, Democrat; John W. Harper, Democrat; Lewis Voight, Republican.

House of representatives—Ernest W. Rothe, Democrat; Charles L. Swayne, Democrat; Henry Haters, Democrat; George H. Spillmure, Democrat; W. J. O'Neill, Democrat; Charles Mosier, Democrat; W. R. Lane, Republican; John C. Oris, Republican; Frank H. Kemper, Republican, and Charles F. Droste, Republican.

Unusual interest attaches to the legislative ticket because the result in Hamilton county will affect very strongly the political complexion of the legislature and the election of a United States senator.

ALBERT FRANTZ RESPITED.

Governor Bushnell Changes the Date of His Execution.

COLUMBUS, O., Oct. 13.—Governor Bushnell has respited Albert Frantz, the murderer of Bessie Little, at Dayton, until Nov. 19, in order that the state pardon board may consider the application for a commutation of the sentence.

Frantz was sentenced to be electrocuted early Friday morning and yesterday the supreme court refused to interfere with the sentence.

Colonel R. M. Nevin of Dayton, attorney for Frantz, made an effort as soon as he heard the unfavorable report from the supreme court to bring the case before the state pardon board. The board will meet at 2 p. m. on Thursday, but will not have time to consider the case that afternoon. As the date of the electrocution is fixed for Thursday night, it became necessary to ask for a respite. For this purpose Colonel Nevin applied to Governor Bushnell with the above result.

Minister Commits Suicide.

DELAWARE, O., Oct. 13.—Rolla Harris, one of the most prominent ministers in the conference, ended his life in a horrible manner yesterday forenoon. After breakfast he got a shotgun and told his wife he was going hunting, and a short time after his body was found in Brown township with his heart entirely shot away. The deceased was pastor of Mount Pleasant, Leonardsburg and Olive Green churches, and has a wife and family. He talked much of death lately and his plans were well executed.

Handcar Goes Off a Trestle.

CAMBRIDGE, O., Oct. 13.—On the Oldham trestle of the Cleveland and Marietta railway about three miles north of town nine bridge carpenters in the employ of the railway were en route to do some repair work, when from some unknown cause the handcar upon which they were riding was thrown from the track and over the trestle 50 feet below. J. L. Whitaker and Hiram Gadd sustained injuries that caused their death. Several others were injured.

Forest Fires Still Raging.

GALLIPOLIS, O., Oct. 13.—A threatening forest fire is raging up at Mason City, 18 miles above here. Last night the fire reached the residence, barn and feed houses of C. Shrewsbury, destroying them. The rear portion of the town is in peril, and 400 men and boys are trying to quell the fire. Cisterns are dry, and the people of that village are powerless to fight fire in case it creeps into town. The hills are all ablaze.

YOUNGSTOWN, O., Oct. 13.—Four men were badly burned, one probably fatally, by a "slip" in the Hannah furnace of the Mahoning Valley Iron company at 1 o'clock yesterday afternoon. The injured are: Simon Christian, Jesse Franklin, both colored; Joe D. Edolto, Arthur Harskin. Christian is thought to be fatally burned.

Hit by a Man.

AKRON, O., Oct. 13.—In a quarrel with a drunken man who stumbled against him in the street, John Enstrom was bitten by the fellow and is now critically ill of blood-poisoning.

HAVING A TIME OF IT,

Is the New G. O. P. U. S. Marshal, Dr. James, With His Republican Deputies.

Dr. James, who now holds the important office of U. S. Marshal for the district of Kentucky by grace of President McKinley, is having a time of it, so to speak with his deputies.

In the list first appointed were two or three colored men. One of these was soon in trouble. He got out his gun one afternoon for a little practice, and while shooting at a mark came near killing one of his neighbors. As a result he landed in the Police Court.

These colored deputies didn't last long as most of them have already "resigned," which probably means that the Marshal found they were lacking in qualifications.

Dr. James is now having trouble with his white deputies. The Courier-Journal says: "Just before the Federal Court closed last Saturday evening Judge Barr issued rules against Deputy United States Marshals W. R. Hopkins, of Pike County, and John C. Morgan, of Jackson County, ordering them to appear before him and show cause why they should not be removed from office. The deputies are among those who were recently appointed by United States Marshal James.

"The offense which Morgan is called upon to account for was exposed in a peculiar way. Among the convicted prisoners who were brought into the Federal Court room Saturday afternoon to receive sentences was Jack Gibson, who was found guilty of both retailing liquor and moonshining. When Gibson was called up before Judge Barr to plead for himself and to state whether he had any reason why sentence should not be passed, he drew a letter from his coat pocket and handed it to the Judge. The letter was addressed to the prisoner and was signed by Deputy Marshal Morgan. He asked Gibson to locate a certain still for him and to work in it in order that its capture by himself might be facilitated. When the raid was made by Morgan Gibson was one of the men captured and he was placed in jail with the other prisoners. Gibson was acquitted by Judge Barr of the charge of making whisky, but was given a sixty-days' sentence in jail and was fined \$100 on the other charge upon which he was found guilty.

"In the case of W. R. Hopkins, the other Deputy Marshal against whom a rule has been issued, it is alleged that he brought a prisoner to this city on a Commissioner's mittimus, but failed to place him in jail."

The "Black Diamond."

Colonel Albert E. Boone, of Xenia, O., projector of the great Black Diamond Railroad to the sea, was at the Grand Saturday conferring with his Washington, D. C., attorney, Mr. William E. Rogers, who is also at the Grand.

"I am putting in most of my time just now preparing the plans and specifications for our two great bridges which will span the Ohio River at Vevay and Dover, costing \$1,200,000 each," said Colonel Boone, "so as to lay them before Congress when it meets in December. I bought a few days since 288 acres of land at Dover for terminals, of which 100 acres are gravel beds worth \$1,200 to \$1,400 an acre for railroad purposes. The public may make up their minds to see our double track road operating from Vevay to the sea (Savannah, Ga., or Port Royal, South Carolina) within three years, and it will be the best paying railroad property in America."

Employees Come First.

LOUISVILLE, Ky., October 11.—The officials of the Louisville and Nashville Railway Company have reached a decision in regard to a dividend. It was decided that no dividend would be declared in January, nor at any other time until the financial condition of the road had become such that the cut made in the wages of the road's employees in 1893 could be restored. Until the wages of the employees are restored to the old figure the stockholders can hope for nothing in the way of dividends.

Friday's Cash Sale!

RAINBOW CORSETS.—We have an entirely new Corset to show you to-day. It's glove-fitting and comfort-bringing. It's a Corset of which we are proud. Its special feature is the transverse stitching running around the body instead of perpendicular, as is usual. It actually fits at first wearing; you don't have to "break it in." It's made of heavy coutil, with each whale-bone, back, waist and abdomen stayed with figured satteen. Extra front steel, top of corset lace edged. It was not made to sell for 39c., but that's the price we've marked it for Friday.

RUGS.—Some more carpet samples for the housekeepers who want some genuinely good floor coverings for a little money. Yard and yard and quarter lengths of three-ply strictly all wool Lowell Carpets for 25c. They'll cover the bare spot at the door, before the stand or dresser and give double the wear a cheap rug twice the price would do. They are all in neat designs and pretty colors and they are all bargains, decided bargains. Harvest is not always in the field. A little cash here to-day will reap a rich reward.

CLOAKS.—A great assortment of new and distinctive effects, in many instances only one garment of a kind, the character of which, as regards style and fit, warrants us to declare them ahead of anything in the market. When you've looked through other stocks, see ours before you buy.

"TAKING THE LAST RAG."

It Can Be Done Through Indirect Taxation, and It Will Be Charged To "Hard Times."

[Pittsburg Post.]

We have come across an extract from a speech made in the House of Lords by William Pitt, Lord Chatham, over a hundred years ago, and it has in it matter for present thought. On one occasion, discussing a revenue bill, he said: "My Lords and Gentlemen: To levy a direct tax of 7 per cent. is a dangerous experiment in a free country, and may invite revolt; but there is a method by which you can tax the last rag from the back, and the last bit from the month without causing a murmur against high taxes, and that is to tax a great many articles of daily use and necessity so indirectly that the people will pay them and not know it; their grumbling then will be of hard times, but they will not know that the hard times are caused by taxation."

How that hits the present times. Labor finds its wages at a very low ebb or going down, but for some reason that does not appear in the clear light of day, the prices of many of the necessities of life are advancing. It is because of indirect taxes levied on the false pretense they are protecting the interests of labor. By this method, for instance, much more than the 7 per cent. spoken of by Wm. Pitt is added to the cost to consumers of sugar. It is a small sum to each individual, but in the aggregate runs into the millions, and all for the benefit of that aggregation of brains and rapacity known as the sugar trust. Suppose a law was attempted providing that \$12,000,000 should be paid to the Havemeyers annually from the public treasury because of their patriotism in engaging in the manufacture of sugar at a profit. That would be direct taxation, and, as Pitt says, would be "a dangerous experiment in a free country and probably incite a revolt." But let Havemeyer get, as he is now, his \$14,000,000 a year by indirect tariff taxation, the people may grumble, but they will not realize the money is coming out of their pockets. Yet the source from which the money is drained is the same in both cases. In one case the truth would be told, while in the other the lie would be sugar-coated.

BIG RAILROAD SYNDICATE.

Scheme on Foot to Consolidate All the Great Trunk Lines.

CHICAGO, ILL., Oct. 11.—The great syndicate hinted at some time ago and headed by J. Pierpont Morgan has partially consummated a plan to unite all the great trunk lines under one management. Morgan and his associates are already able, it is said, to dictate the policy of the following roads: New York Central, West Shore, Chicago Northwestern, Michigan Central, Lake Shore and Michigan Southern, Nickel-Plate, Erie, Lehigh, Reading, Central Railroad of New Jersey, Delaware, Lackawanna and Hudson, New York, New Haven and Hartford, Southern Railroad, Oregon Railway and Navigation Company, Oregon Short Line, Chicago, Milwaukee and St. Paul, Chicago, St. Paul, Minneapolis and Omaha, Cleveland, Cincinnati, Chicago and St. Louis (Big Four), Chesapeake and Ohio.

Since the enactment of the inter-State-commerce law railroads have been unable to maintain rates. The failure to secure favorable legislation convinced the railway people of the uselessness of making further efforts in this direction, and they concluded their objects could only be gained by a general consolidation.

REV. A. BORRING will preach to-night at the M. E. Church, Third street, at 7 o'clock. All invited.

BACK TO NEWPORT.

The Gang Charged With Assaulting Mrs. Gleason Taken Down This Morning—Special Grand Jury To-day.

The gang of Newport bums, eleven in number, charged with criminally assaulting Mrs. Thomas Gleason last week, and brought here for safe keeping, were taken back to that city this morning.

Sheriff Jule Plummer and Deputies Robert Connelly, Charles Craig, Frank Benke, Charles Schilling and George Biltz came up on the 7:20 train last evening, and left on the early train this morning with the prisoners.

Greer and Croxson, two of those who confessed, were the only ones who seemed anyways uneasy when told they were to be taken back. The guard at the jail says they slept little, if any, last night.

"Gad" Meiner, who is regarded as one of the principals in the brutal crime, got quite gay yesterday. He had a rough sign painted and stuck it up inside the entrance to the lower corridor. It read: "Five cents to see the Newport show—Get your tickets here."

He then stood near and got quite a number of nickels during the day from visitors. When any one declined to pay, Meiner would call to the rest of the gang to get back in their cells.

A special grand jury has been summoned at Newport for to-day to investigate the outrage and the gang will be promptly indicted. Their trial, however, may not come off till next month.

LAST Saturday night Tom Hickman had a fight with some fellow on the Second street extension. Monday he pleaded guilty in Squire Miller's court and was fined \$1 and costs, amounting to nearly \$5. Tuesday afternoon he was again tried, this time in the Police Court, and was fined \$2 and costs,—about \$7. It has been a rather expensive row for Tom.

Attention, Board of Health.

Your attention is called to the filthy sediment taken from sewers and being placed on our streets by the Internal Improvement Committee. Second street extension is a cess-pool of disease that would give a person a sudden fit of sickness in crossing. OLFACTORY.

THAT was not very complimentary language towards Boss Hanna that the preacher in Pennsylvania used in preaching the funeral of the murdered miners: "It were better that the Jesse James gang were in control of affairs, than Hanna and such a gang."

Hechinger & Co.'s

Fall styles are shown in scores of handsome new cuts. Weavers' wits were never more versatile in producing attractive loom effects. Skill in wholesale tailoring has made marvelous progress in recent years. No better evidence is needed than a critical inspection of ready-to-wear Clothing made for them. There is a nicety of detail, a carefulness of finish, a symmetry of cut that denotes master minds and master hands. This not only has reference to their Clothing but also to their other different departments. No where will you see so handsome a display of Gentlemen's Furnishing Goods, fine Shirts, Hats, Collars and Ties as Hechinger & Co. show.

Have you looked at their stock of

Another One of the Newport Gang Captured—He Was Apprehended at Piqua, Ohio.

PIQUA, Ohio, October 11.—Chief of Police Adams this evening arrested Edward Stevens, one of the party of ten tramps who made a criminal assault on Mrs. Gleason in Newport, Ky., last week, and for whose arrest a reward of \$250 is offered by the State of Kentucky. The arrest is the result of a bit of clever detective work on the part of Chief Adams.

The prisoner was meek with fear, and offered no resistance. He protested his innocence in the Newport affair, but said he knew he was wanted, and had been in hiding. Stevens was taken to Piqua and placed in the City Prison, where he is watched by a guard, lest some of his accomplices might seek to release him. Chief Adams was in telephone communication with the Sheriff of Newport, who will be here in the morning to take Stevens to Kentucky.

The big, hearty, healthy man is a continual irritation to his dyspeptic friend. Constipation is the root of nine-tenths of the sickness of men, and of a large proportion of the sickness of women. It can be cured easily, naturally and quickly. Nature is continually working as hard as she can to throw off impurities, and to force out poisonous refuse matter. When there is an impediment, Dr. Pierce's Pleasant Pellets set the wheels working again without any trouble. They assist nature in a gentle, healthful, efficient way. There is nothing violent about their action, and yet it is just as certain as if it were twice as violent. "You do not become a slave to their use." They are different and better than any other pill for the cure of constipation, headache and kindred derangements. Almost all druggists understand this, and are conscientious enough to tell you so. The druggist who tries to sell you a substitute is not a safe man from whom to buy medicine. Send 21 cents in one cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser," profusely illustrated.

ELECTION IN INDIANAPOLIS.

Mayor Taggart, Democrat, Re-Elected by a Plurality of 8,000.

INDIANAPOLIS, Oct. 13.—Thomas Taggart, Democrat, defeated W. N. Harding, Republican, for mayor by a plurality that will reach 8,000. The Republicans gave up the fight early in the evening, conceding a Democratic victory of from 3,000 to 5,000. The rest of the ticket, including six councilmen at large, is elected by from 3,500 to 4,000. Of the ward councilmen the Republicans will elect probably not more than four out of 15.

It is hard to figure gains and losses on account of recent changes in precinct boundaries. Ex-President Harrison's precinct shows a large Democratic gain, in fact the Democrats made heavy gains in all the Republican strongholds. Mayor Taggart is deluged with telegrams from all over the country. He is freely spoken of as the next Democratic candidate for governor. He was elected on a silver platform.

Democrats Win in Chattanooga.

CHATTANOOGA, Oct. 13.—The municipal election yesterday resulted in the overwhelming defeat of the Republican ticket. Colonel Ed Watkins, the Democrat, was elected by 995 majority. Colonel Watkins is a leading lawyer and promoter, and the canvass being personal, attests his popularity among the people. The Democrats elected six out of the eight aldermen. This city is normally Republican by from 400 to 500.

CROP REPORT.

Corn's Condition Has Decreased, but Oats' Has Increased.

WASHINGTON, Oct. 13.—The October report of the statistician of the department of agriculture shows the average condition of corn on Oct. 1 to have been 77.1, as compared with 79.3 on Sept. 1, with 80.5 on Oct. 1, 1896, and 82.5 the average for the last 10 years.

The preliminary estimate of the yield per acre of oats is 28.1 bushels, an increase of 3.8 bushels per acre over the October estimate of last year. The principal increases are west of the Mississippi river.

The average yield of wheat per acre will not be published pending the result of a special investigation of acreage and production now approaching completion.

The condition of tobacco shows a decline of 5.1 points during September.

Dying of Lookjaw.

HAMMOND, Ind., Oct. 13.—Henry Huehn, at one time treasurer of the city of Hammond, and well known in the fire insurance business, is dying at his home here of lookjaw, supposed to have been caused by stepping on a rusty wire nail, which penetrated his left foot. Mr. Huehn was among the first to settle in Hammond, and since the days of trading posts he has been active commercially and politically.

New Railroad Begun.

VINCENNES, Ind., Oct. 13.—Several hundred spectators witnessed the driving of the first stake of the proposed Vincennes division of the Springfield, Ohio River and South Atlantic railroad here yesterday. Speeches were made by Colonel Boone, the promoter, of Zanesville, O.; Mayor Green of this city, Colonel S. R. Day of New Albany and others.

HUMOR OF THE HOUR.

Little Clarence (with a rising inflection)—Pa, you know—
Mr. Callipers (trying to read)—No, I don't.
"Don't what, pa?"
"Don't know the answer to whatever question you are about to ask."
"Why, you don't know what I am going to ask, do you, pa?"
"No, of course not."
"Then how do you know you don't know what it is?"
"I don't know what it is that I don't know, but, all the same, I know I don't know it."
"But, pa, if you don't know what it is that you don't know, how do you know you don't know? If you don't know, it seems to me that you don't know whether you know or don't know, and—"
"I know I don't know simply because I know I don't know the answers to any of the outlandish questions that your peculiar inquisitiveness is forever prompting you to ask."
"But, pa—"
"Oh, well, ask your question and be done with it. What is it that you want to know?"
"Why, I—I don't know. You've made me forget it."—New York Sunday World.

There Was No Danger.

In the Brazilian hotels men are employed to do the chamber work, and they are prone to rush into the bedrooms of the guests when occasion requires without knocking. A prim little Yankee "schoolmarm" visiting Rio de Janeiro was much annoyed at this custom and, after mildly protesting several times without effect, she said severely to the boy who did the work in her room: "Juan, be good enough to understand that I will not allow you to open the door of my room without knocking. If you do it again, I shall certainly report you at the office. Why, I might be dressing."

"No danger of that, senora," responded Juan in his best English. "Before I come in I always look me through the keyhole."—Argonaut.

A Declaration of Love.

"I love you!" exclaimed the count, and a look of deep affection welled up in his aristocratic face.

"I love you," he repeated. They were alone in the elegantly appointed drawing room of Boodlegreat, Sr.

"I love you," he protested for the third time, and, taking up Boodlegreat's checkbook, which had been left on the table, the count warmly pressed it to his breast.—Pittsburgh Chronicle.

Uncle Allen's Objection.

"I liked the music at church this morning very well for the most part," said Uncle Allen Sparks, in speaking of it afterward, "but it seemed to me the bass singers in the choir marred the effect of one selection when they sang it in this style, 'Let all the nations know, to earth's remotest bow-wow-wownd.'"—Chicago Tribune.

A Question of Diplomacy.

Ho—Er—these stories your father tells about the things he saw out west, you know.
She—Well?
"Ought I to laugh at their improbability and make him think I am smart, or ought I to pretend that I believe them?"—Cincinnati Enquirer.

Horrible Thought.

"The bride was temporarily disabled in consequence of having fallen down a stairway the day before, and she made the bridegroom sit down by her side when the clergyman married them."
"I don't think much of that bridegroom. He ought to have stood up for his rites."—Chicago Tribune.

She Was Interested.

Goback—I have just met one of the girls to whom I was engaged last summer.
Grymes—Did she manifest any particular emotion?
Goback—Oh, yes; she asked for an introduction!—New York Journal.

Had Arrived.

"The darkest hour," said Cholly Staylate sagely, "is just before the dawn."
She went to the window and peered out.
"You are right," she said.—New York Sunday World.

No Wonder.

Official—You are seeking aid from the Society For the Friendless. What have you done that you have no friends?
Applicant—Sir, I was a baseball umpire in my day.—Princeton Tiger.

Honesty as a Life Policy.

"Really, now, is honesty the best policy?"
"I guess it is a good deal like a life policy—fellow has to die to realize."—Indianapolis Journal.

All True Crank.

"Stark is a bicycle crank, isn't he?"
"I should say he was. When it rains, he stays home and runs his cyclometer."—Cleveland Plain Dealer.

The Exceptional Time.

"Almost any man will admit that he's liable to make mistakes."
"Yes, except when he makes them."—Chicago Journal.

Pardon Refused.

FRANKFORT, Ky., Oct. 13.—Governor Bradley refused to pardon Arthur Shoemaker of Campbell county, serving a term for malicious cutting.

"Absence Makes the Heart Grow Fonder."

The speaking face, looking forth from cardboard, the ever of this wonderful age, and every Phyllis has her Leander near her in picture form at least. It's but a small tribute to love to have the faces of those we love made enduring through absence and death by the photograph. This is our mission—to create beauty. Doing Away With the Pikes.

PARIS, Ky., Oct. 13.—The Bourbon fiscal court has purchased two miles of the Newtown and Leesburg pike, lying in Bourbon county, for \$500. This throws open the only remaining toll-gate in this county. The city of Paris has surrendered to the fiscal court 40 shares of Maysville and Lexington turnpike stock, in return for which the county agreed to keep in repair Main street and all the pike approaches in the city limits.

Shot by His Farmhand.

LANCASTER, Ky., Oct. 13.—Yesterday Clarence Hall, a young man residing near here, fired a shot into his employer, Ed Daviess, that may put an end to the life of one of the most prominent farmers of Garrard. The ball struck in the abdomen of Daviess. They had trouble over an account. Hall escaped. Officers are pursuing.

Stabbed With a Hat Pin.

HASTINGS, Neb., Oct. 13.—Herbert Crow, a young business man, was fatally stabbed by a young woman of this city last night, the girl using a hat pin. The steel entered the young man's side and broke off. The victim refuses to give the name of the girl or the cause of the attack. It is said he was struck by his sweetheart in a jealous rage over another young lady.

His Expected Prisoner Was Dead.

TOMPKINSVILLE, Ky., Oct. 13.—Deputy United States Marshal Arch Murley went to Fountain Run to arrest Lee Mays, a moonshiner, and found him a corpse. Isaac Steen, a law-abiding citizen, had struck him on the head with a piece of timber, from the effects of which he died a few hours before the officers arrived. Steen was justifiable, it is said.

Fire in a Chicago.

CHICAGO, Oct. 13.—A 1:20 o'clock this morning a fire broke out in the Sherman House, one of the largest hotels in the city, and although all of the guests and the servants escaped without loss of life, there was for a time the liveliest kind of a panic among them. The loss to the building will not be over \$5,000.
